

## CERASHIELD DEGREASER

### DEGREASING OF ALL SURFACES

**WATER BASED**

**SAFE ON ALL SUBSTRATES**

**VERY LOW VOC CONTENT**

**ANTI-STATIC**

**ANTI-SILICONE**

**NON FLAMMABLE**

**NON HAZARDOUS**

**STRONG DEGREASER**

#### PROPERTIES / PRODUCT DESCRIPTION

CeraShield Degreaser is a carefully formulated anti-static, anti-silicone degreaser which provides a powerful, aggressive degreasing action that avoids any attack on existing paint films. The use of CeraShield Degreaser is vital before undertaking any coating operation in order to remove contaminants such as wax, grease or silicones.

#### APPLICATION

For best results apply generously to the area to be coated using a clean microfibre cloth. While the panel remains wet, wipe with a clean dry cloth until the degreaser has been completely removed.

#### TECHNICAL DATA

**Appearance:** Clear / Colourless

**Consistency:** Water

**Application:** Hand Applied

**Compatibility:** All surfaces (always apply a test patch)

**Shelf Life:** 12 months

**Container sizes:** 250ml, 500ml, 1L, 5L

All bottles are made with PET plastic and suitable for recycling
